MRO ART · 36 YEARS OF EVOLVING MISSION

From **knowledge** to clinical decisions

1980s · THE ORIGINAL VISION

Learning from the pioneers

Bringing the giants of radiation oncology to Rome, giving young physicians the opportunity to learn learn directly from those shaping the the future of cancer treatment.

TODAY · THE NEW CHALLENGE
CHALLENGE

Navigating rapidly evolving evidence

Research advances faster than guidelines can evolve, creating a growing gap between scientific evidence and its consistent implementation in clinical practice.

OUR MISSION TODAY

Bridging the gap between research, evidence and clinical clinical practice

Empowering the next generation of oncologists to make informed, evidence-based decisions.

"The challenge is no longer accessing knowledge, but turning knowledge into better decisions."
